

Center for Science Teaching and Learning
Social Story for Visitors

I am going to the Center for Science soon.

When I get there, I will have a quiet mouth and a calm body so I can have safe fun.

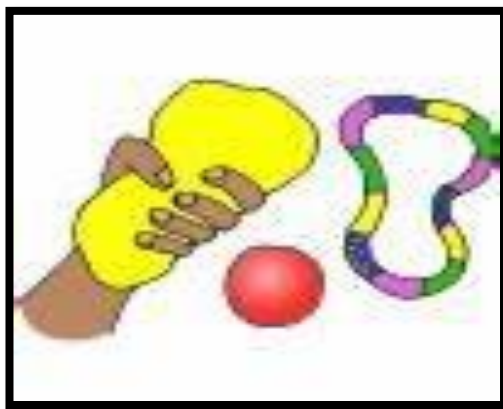

At the Center for Science, I will see animals.

Some animals will make noises and move around.

But I am safe and the animals are safe.

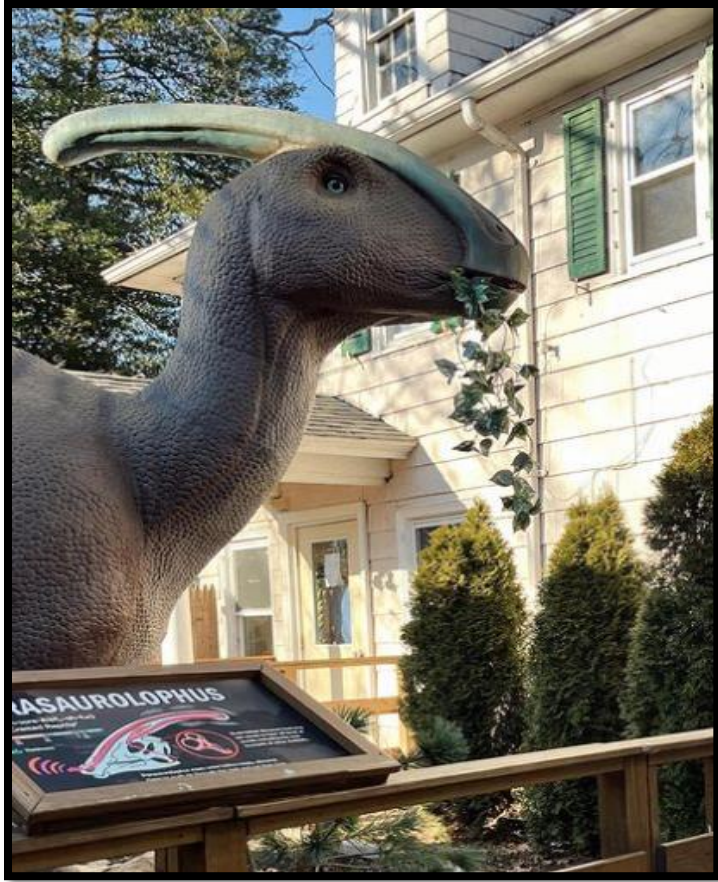

I will make a good choice if I do not want to hear or see the animals.
I can get help, cover my ears, have headphones, or use a squeeze toy.

I will also see pretend dinosaurs.

The pretend dinosaurs will stay where they are.

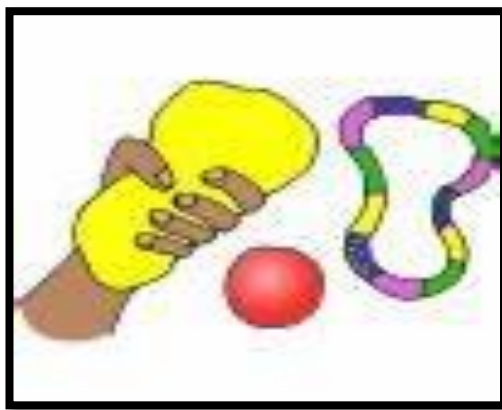

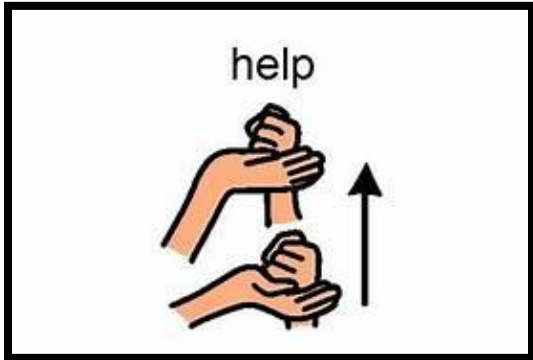

The dinosaurs are like big toys I can see with my eyes.

Some dinosaurs will make noises and move around where they are.

But I am safe and the pretend dinosaurs are safe.

I will make a good choice if I do not want to hear or see the pretend dinosaurs. I can get help, cover my ears, have headphones, or use a squeeze toy.

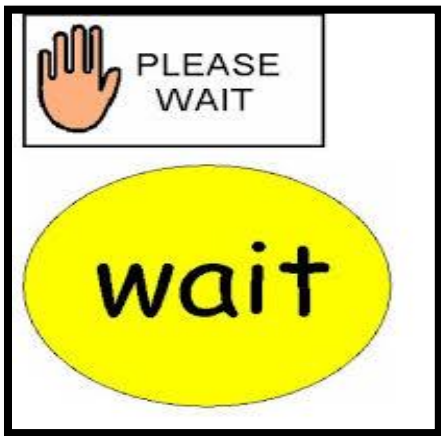

Some animals I can touch with my calm hands.

I will make a good choice if I do not want to touch the animals by keeping my calm hands to myself.

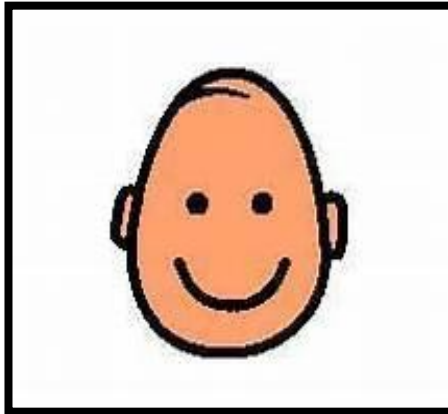

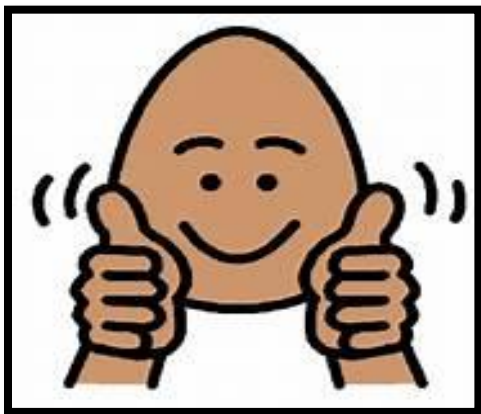

I can buy a toy to take with me if I have enough money.

I will wait, come back next time with money, and buy a toy if I need to.

When the visit to the Center for Science is all done, it will be time to leave.

I will do a good job and have more fun at the Center for Science next time!
